

39 District Schools Serve Meals as Part of Summer Food Service Program

Thirty-nine (39) Broward County Public Schools will participate in the Summer Food Service Program (SFSP). The Summer Food Service Program is a U.S. Department of Agriculture initiative that provides free, nutritious meals to help children in low-income areas get the nutrition they need to learn, play, and grow throughout the summer months when they are out of school. Broward County Public Schools will offer the Summer Food Service Program in the months of June, July and August. All schools listed below will serve breakfast and lunch only.

Summer Food Service Programs are being set in areas where more than 50% of students are eligible for free and reduced price meals during the school year. Below is a list of Broward County Public Schools participating in the program:
